Alfa Romeo Selection of the

Month: September 2019.

Car Name: David Eichenbaum's beautiful 1964 Alfa Romeo TZ1 on the green at Pebble Beach

Historic Alfa: 1964 TZ1

1964 Alfa Romeo TZ-1

Chassis Number 10511 AR*750016

Engine Number AR00511*00076*

The TZ1 is a very special competition car built in extremely limited numbers. The chassis is a dedicated tubular unit that weighs just 125 pounds. With a total dry weight of under 1500 pounds, TZ's were incredibly successful, sweeping their class at Le Mans, Sebring, the Nurburgring, the Targa Florio, and the Coupe des Alpes.

This car, TZ 016, was delivered new in Los Angeles in 1964 to Lou Mellon and has period history in SCCA Club Racing. In 1965 TZ 016 was sold to the Brengles, owners of the San Diego Alfa Romeo dealer Mo-Tech Ltd, and subsequently scored a second in class finish at the 1966 ARRC (American Road Race of Champions) at Riverside driven by Nadeene Brengle. The car was raced afterwards by Phyllis Gaylard, from her base in Southern California. In 1972 TZ 016 was sold to Richard Payne, from Los Angeles, through an advertisement placed in the Alfa Romeo Club of America newsletter (Volume 15, No 1 January 1972). The car's then passed to Jerry Rosenstock in 1977. Over the subsequent several decades Jerry used the car in many club and vintage events, including several Monterey Historics,. Jerry also displayed on the lawn at Pebble Beach in 1996 after racing in the Historics on Saturday.

In the very small series of special Alfa TZ's, chassis 016 has a remarkable, unbroken history from new. In addition to successful period competition, it is with only its sixth custodian in over 50 years. This car retains a high degree of its original body, componentry, and accessories. TZ 016 has basically spent its entire life in Southern California and this stable history is almost unheard of for a TZ.

Historic Alfa: 1964 TZ1 continued:

Evening Tribune May 23, 1966 had an article about her mentioning her four races that spring. She won two (Tucson & Roswell?), finished second in one and did not finish in another. So the 15 points up to Tucson meant that she was second either in Phoenix or in Willow Springs.

The fourth SCCA National that counted for the championship was at Las Vegas, date and result unknown. The Divisional point standings after Las Vegas (July 23, 1966 CP&A) had Brengle with 33 points leading CP. This means that she had won Roswell (which counted for the SCCA National Championship) and that she won Las Vegas, too ($15+9+9=33$ p).

“Nadeene and ‘Tizzy’ qualified on the pole position and set a new class track record at 1:45.5. This was a full second quicker than Dick Smith in the Porsche at 1:46.5 and almost 5 seconds quicker than Tenney in the other TZ at 1:50.3! In the race, Mom told me the story of what happened. Smith got away first and took the lead with Nadeene in 2nd. Sometime in the first lap or 2, Smith tapped the brakes in Turn 4 or 5. It was a place she was not braking at all. She was surprised and had to make an immediate critical choice. a) Don’t brake and hit Smith in the rear or b) Brake and get hit in the back by the cars following her or c) go off course. She did not think it was right to crash into anyone so she chose to go off course. She came back on in last placed and worked her way all the way back to 2nd.” Dave Brengle, December 2018

Manufacturers celebrate their heritage with designated car corrals and invite the public to enjoy an up-close look at their newest vehicles. AROC-USA and the North East Florida AROC will be there with an Alfa corral displaying 25 exceptional Alfas Romeos from a 1952 Disco Volante Fianchi Stretta to a 2019 Giulia Quadrifoglio NRING. This year the corral is limited to the 25 cars previously selected. However, when you arrive at the venue entrance ask to be parked next to or nearby the Alfa corral. The parking volunteers are as accommodating as possible.

For the past three years Automobile Magazine has used the venue to announce their Automobile All-Star Award winners. Enter your car, it may be selected as an All-Star or win another award given by the Amelia Concours Cars & Coffee. Remember, these cars are not concours.
