Water Restrictions? Use No Water! Dri-Wash N Guard Instead.

Dri Wash is a glaze not a wax. Wax is abrasive. Dri Wash cleans and brightens, removing oxidation and old wax and placing a protective glaze on your paint. Only 2 ounces cleans an average size family car in 20 minutes and treatment lasts for months. In between, clean your car with only a wet cloth and a dry cloth. Dirt floats to the surface, paint is NOT scratched! Also Tire and Vinyl products, carpet cleaner, etc.

New Dealers wanted. Just see Chip at any event.
