Tech Session Report

Sunday August 14th found the Rady's, Spencers, Dave Rigall, Will Godwin and the Picot's cleaning a few cars, one of which was David Rigalls Milano. Chip took this opportunity to BG the Prowler, which also led to a few other minor details on it.

Our thank you to Will for bringing us up to speed on some new BG products and procedures. Someday we'll get him in an Alfa yet!

A few rain showers cooled the temperature down, but brought the humidity up! After the session, it was inside to cooler spots for Pizza, salad, beer, and desert.

Sorry you missed the event, we were ready for many more. Pictured is the group working on Heidi's BMW. She'll let us know if she thinks the cleaning helped!

Thanks to Cheryl Picot, Linda Rady and Heidi Spencer for fruit, salad, munchies and keeping the boys thirsts quenched.

Water Restrictions? Use No Water!

Dri-Wash N Guard Instead.

Dri Wash is a glaze not a wax. Wax is abrasive. Dri Wash cleans and brightens, removing oxidation and old wax and placing a protective glaze on your paint. Only 2 ounces cleans an average size family car in 20 minutes and treatment lasts for months. In between, clean your car with only a wet cloth and a dry cloth. Dirt floats to the surface, paint is NOT scratched! Also Tire and Vinyl products, carpet cleaner, etc.

New Dealers wanted. Just see Chip at any event.
