Tampa Bay Auto Museum Tour was a blast...

Right under on own noses is a collection of very unique automobiles. This is not Alfa centric, but you're going to see things that are just plain very rare and unique. It was a great way to spend a Saturday.

Alfa may lauch Grande Punto

Like the Alfa Sud but up to date - if you consider a Sud w/ 230 horses... Hmmmmm Brera arrives in South Africa - but not the US...

Postage not sponsored...

Tech Session - Fuel Injection System cleaning w/ BG

It's becoming a tradition - BG Fuel injection cleaning w/ BG products (and anything else we feel like fixing) at Chip's house. Located at 10240 Parsons St., Tampa, FL 33615, Chip's house is located about 4 miles west of Mastro or Tampa International Airport, and just off of Hillsborough Avenue. From Pinellas County, it's a mere 3 miles from the county line on Hillsborough to the turning point. From either direct, you will turn North on Elliott Drive (between a Circle K and Wachovia Bank), proceed to Parsons Street (3 speed humps), then turn left - last house on left (you can't miss it).

FAC Meeting Minutes - July 13, 2006

In attendance, Delmas & Polly Greene, Lou Daugherty, Linda and John Rady, Nino Montopoli, Chip Denyko and Delson Correa.

Saturday August 12th will be the Tampa Bay Auto Museum, meeting at the site at 10 AM (map was in July edition and will be in August as well. Delmas and Polly already attended the site since they will be out of town on Saturday.

The Tech session is September 17th, Chip will be making pizza's, bring your own drinks. Injection products have gone up a bit, so it will be a little more that \$30 for hte product, but only a few over cost, plus the \$10 for tool use. We'll have the two tools, so we can clean two cars at once.

Events for the rest of the year were covered, including the Christmas dinner which is Saturday December 2, 2006. Cocktails 6 to 7, dinner at 7 at Casa Ludovico's. This year everyone will order from the menu and pay their own tab, but we'll need a headcount ahead of time.

Meeting adjourned, 8:22 PM.

Water Restrictions? Use No Water! ⁴
Dri-Wash N Guard Instead.

Dri Wash is a glaze not a wax. Wax is abrasive. Dri Wash cleans and brightens, removing oxidation and old wax and placing a protective glaze on your paint. Only 2 ounces cleans an average size family car in 20 minutes and treatment lasts for months. In between, clean your car with only a wet cloth and a dry cloth. Dirt floats to the surface, paint is NOT scratched! Also Tire and Vinyl products, carpet cleaner, etc.

New Dealers wanted. Just see Chip at any event.
