FAC Meeting September 14, 2006

In attendance, Linda and John Rady, Chip Denyko, Norm Sippel, Bill Kelley, and Delson Correa.

Due to a large party, the restaurant didn't have our space, but indicated that unless at least 12 or more were present, we wouldn't have the space. A brief meeting was held at the table, and the November meeting will be at Polly & Delmas' house. Since December is the Christmas party we won't need another location until January.
Adjourned 8:15

Photos above from Tech Session - top left - John Picot give a BG treatment to the V8 Montreal. Since there is no port, and it's Spica, both were given via atomizing nozel. Below that is the result exiting the tailpipe. Top right - Nino and John identify and clean up the dealer tool set on Chip's wall. Lower right, Delmas sets up Chip's 164 for a BG cleaning.

While I just got back from Celebration which was a wonderful event, I didn't have any space or time to get those pictures in. I also will be on business trip for 10 days, so I'll miss the FAC picnic. Need you guys to take great pictures for me!

See you at Casa Ludovico on Saturday Dec 2 at the Christmas dinner. Please don't forget to call Polly with your count for the dinner. Make this a great turnout!

FYI - Look for my December Alfa Owner column for a club announcement about Alfa Owner.

Water Restrictions? Use No Water!
Dri-Wash N Guard Instead.

Dri Wash is a glaze not a wax. Wax is abrasive. Dri Wash cleans and brightens, removing oxidation and old wax and placing a protective glaze on your paint. Only 2 ounces cleans an average size family car in 20 minutes and treatment lasts for months. In between, clean your car with only a wet cloth and a dry cloth. Dirt floats to the surface, paint is NOT scratched! Also Tire and Vinyl products, carpet cleaner, etc.

New Dealers wanted. Just see Chip at any event.
