Month for October 2017.

Car Name: There is nothing like Italian Styling – Alfa Canguro

Recent Events – FAC Drive to Boone North Carolina

For those of us who live in Florida during the hurricane season, have learned that plans are subject to change from June through October. With our planned road trip to the Greene's Farm in Boone, North Carolina this year being right in the middle of the height of the hurricane season – there was always a chance of complications.

Although our science can predict and forecast hurricanes much better than in decades past, the week preceding a hurricane can be a stressful time as we are constantly bombarded with severe weather forecasts with the storm's "Cone" of possible devastation changing daily. Initially it looked like Hurricane Irma would go up the east coast, but as time went by the cone moved progressively west, but the reality was that this storm was so large that its hurricane force winds would cover the entire width of Florida regardless of where the eye wall hit directly.

If the storm had gone up the east coast the forecasts had it hitting Savannah, or first stop on our tour up to the mountains, not a good situation but something we could have worked around. As we know, that did not happen and the storm headed right up the west coast, our worse-case scenario. The day of the storm we were looking at a CAT 4 Hurricane skirting right up the west coast of Florida staying just off shore sustaining its power with the warm waters of the Gulf of Mexico.

As our friends in Naples got hit hard, the storm suddenly slowed and went further east headed more towards the center of the state – more towards our friends in Orlando. This however meant we got only a CAT 2 storm and the eye stayed to the east of us. While I personally rode out the storm on the top floor of a condo building along the Clearwater bay, others did the right thing and bugged out and headed north away from the storm because frankly we did not know it would slow and more east. We could have endured the full force of a CAT 4 storm as was being predicted.

Stay Tuned for plans to reschedule this driving event to Boone North Carolina sometime in early May! No Hurricanes in May at least in recent Memory!

Florida Alfa Club Supports Two More Alfa Debuts

The Florida Alfa Club, with its core in the Tampa Bay area, recently supported two more dealer debuts of Alfas at the five dealerships in the club area.

The relationship began when Dayton Andrews Chrysler in Clearwater introduced the Fiat 500 in 2011 and the club lined up twelve Alfas in front of the showroom. They also displayed six Alfas in front of Suncoast Fiat in Sarasota. Then came a hiatus, waiting for the 4C in 2015, the Giulia sedan in 2016 and during those years the club cultivated the relationship with the dealers by inviting them to FAC and other car show events. Since the arrival of the 4C the club has been invited by four of the five local dealers to support the debuts of the 4C, Giulia &/or Stelvio: Brandon Alfa Romeo, Parks Alfa Romeo in Wesley Chapel, Alfa Romeo/Maserati of St Petersburg and Alfa Romeo of Winter Haven.

At every debut the club members are invited to arrive an hour early so they can dress their cars in front of the dealer's door, view and test drive the new Alfas before the crowd arrives. When the dealer's invited guests arrive they are wide eyed, contemplating the beauty of the older cars out front, usually dating from 1956 to, now, 2017. From those cars the prospective buyers get a bit of the rich Alfa history and learn about the classic cars from the club car placards and by chatting with the ardent owners.

Recent Event: Stelvio Launch Event at Alfa Romeo of Wesley Chapel continued:

Displaying at the most recent Stelvio debut at Parks Alfa Romeo were: Paul Ziegler with his 2017 Giulia ti Sport, Cheryl Picot with her 1973 2000 GT Veloce, Delmas & Polly Greene with their 1960 Vignale bodied 2000 prototype, Bruce Brock with his 2015 4C Launch, John Picot with his 1987 spider Veloce, Harmon & Jo Heed with their 1964 Giulia spider, Barry Andress with his 1983 spider, Bruce & Cyndy Fahnestock with their 1977 spider Veloce, Phil Rosile with his 1967 Graduate and former AROC president Chip Denyko with his 1993 spider Veloce. To greet the group and client guests were: Jennifer Cofini, Parks Marketing Coordinator; Kathy Burke, Alfa Sales Manager; George Rodriguez, Parks General Sales Manager and Ron Parks, owner, Parks Motor Group.

Recent Event: Stelvio Launch Event at Alfa Romeo of Brandon

The next evening, due to late notification, the turnout was much smaller at Brandon Alfa Romeo: Delmas, Polly and Christina Greene with their 2017 Giulia ti Lusso, Paul Ziegler with his 2017 Giulia ti Sport, Phil Rosile with his 1967 Graduate, John and Cheryl Picot and Mark Dubovich in their non-Alfas. Greeting the group were Terald Hopkins, the Brandon Automall Sales Manager and Lynn Turner, the Florida Regional Alfa Romeo Sales Manager. The four, active, Florida AROC chapters are fortunate that Alfa North America has created this regional position and Lynn appointed to it.

Here are a few Florida Alfa Club's members impression of the new Stelvio.

Barry Andress – "Very quick when the gas was stepped on with very responsive steering. The gearshift would take some time to get used to, it is very sensitive and hardly moves at all."

Cheryl Picot - "Very nimble and responsive."

Delmas Greene – (He and Polly own a Giulia Lusso.) "Very similar in initial appearance to the Giulia but much taller, with a lot more ground clearance and larger tires. Same wonderful driving experience as the Giulia but I could feel a slight performance in acceleration. I could feel a little more lean in the curves, higher center of gravity would explain that. Overall impression was quite positive. Polly and I possibly should have held off purchasing a new Alfa until the Stelvio launched but then we would have missed some wonderful driving through the mountains of North Carolina this summer."

Paul Ziegler – (Owns a Giulia Ti.) "Driving a Stelvio is really close to the same as driving my Giulia Ti. If I were blind folded and put into the Stelvio I would have a difficult time telling the difference which speaks spades for the attention to detail the engineers paid in the development stage. The handling, comfort, steering and overall experience is amazingly close to the Giulia which is a great achievement for this SUV!"

Supporting debuts has definitely fostered a symbiotic relationship between the Florida Alfa Club and local dealers. The club gets visibility at the debuts, test drives of new models, membership referrals and dealership participation at car shows. The dealers get a welcoming, colorful and historic presentation for their prospective buyers, free Alfa Owner magazines for their showrooms, invites to car show participation and buyers. FAC now has four 4Cs and three Giulia's in its corral, the newest being John Piccin's Giulia Quadrifoglio. The Florida Alfa Club encourages other chapters to support their dealers and introduce them to AROC's Dealer Outreach Program advertised in **Alfa Owner**.

MID-FLORIDA ALFA ROMEO OWNERS CLUB, INC.

Dear Auto Enthusiast:

"Viva Alfa Romeo" 2017 is the Mid-Florida AROC's annual ***Viva Alfa Romeo*** Car Show and Parade.

This gala event, scheduled for November 4, 2017, is strictly for Alfa Romeos and **vintage** Fiat and Lancia automobiles of every year and model.

The purpose of this event is to strengthen the bonds of fellowship among all participating Alfistis and Fiatistis, to recognize those who have striven to maintain autos of rare design or condition, and to provide a venue where we may display the virtues of our cars to the general public.

The site we have again chosen is Market Street in the heart of downtown Celebration, Florida. The town has agreed to cordon off their main street as our show site. The Town of Celebration has been highly publicized as a "Disney Town," and draws visitors from around the world. The location is ideal for attracting a large number of spectators during the entire time of the exhibition. Following the show period, our cars will be driven along a parade route through Celebration. We look forward to a great time together.

Those who participate by exhibiting their Alfa Romeos & Fiats during the show will receive a welcome bag of memorabilia, nice prize drawings, and will be eligible for awards based on the judging of their cars.

Upcoming Event: Viva Alfa at Disney Celebration continued:

Upcoming Event: Sebring Historic Races with HSR

The Florida Alfa Club was a main stay at Sebring for years with the famous “Alfa Alley” with many members having wonderful memories of this racing event. Over the years the effort and expense to hold a car corral at Sebring became prohibitive. Today’s race can cost upwards of \$20K (that is not a typo) for such a car corral for car clubs with numerous restrictions on food, drinks and other various aspects of the race.

However, with Alfa Romeo back in the US with several new models and more to come, we felt it was time to resurrect the “Alfa Alley” at Sebring for those members who enjoy motorsports and also in line with Alfa’s racing history. Based on that, we are happy to announce the Florida Alfa Club will host a “New” “Alfa Alley” at this year’s HSR Historic Sports Car Race at Sebring. The event is open to all Alfa Clubs in Florida and around the country. Let us hear from you on this event.

Up Coming Events: Sebring Historic Races with HSR Continued

We are working closely with HSR to offer you a weekend of racing and fun for everyone whether you drive down for the whole weekend or for just the day. The Florida Alfa Club will provide tickets and sponsor the event. Details of the race are provided below and more information will become available as we get closer, but sign up today.

If you or members of your club are interested in attending contact Frank Mann at 727-254-9723 or by email at fmann1@tampabay.rr.com for questions about the event or to RSVP.

Sebring Historics

November 29 – December 3, 2017

Want more of the Classic Series of races? Then this is the weekend for you! In continuation of the Classic 24 Hour at Daytona HSR will once again be hosting the Classic 12 Hour at Sebring. The history of the hallowed grounds of Sebring International Raceway bring a special feeling to all of those that attend. With the extended weekend of racing both competitor and spectator alike will have plenty of opportunity to enjoy the racing history making laps around the track. Joining us again in 2017 will be an expanded display of War Birds and retired military vehicles. Parade Laps, RV parking and Tent camping are available.

Restoration Projects:

This is a new section we debuted a while back that covers FAC member's restoration projects throughout their various phases from the initial purchase of the car and its original condition – through the various phases of disassembly – stripping the chassis - rust repair – metal panel replacement – engine rebuild – body prep and paint – and finally reassembling the car.

We have received a lot of positive comments on this new segment of the newsletter and hope it continues to be informative and fun. If you have any questions about any specific project featured here please contact me directly or the car owner list below with questions or recommendations.

Mike's Sprint project is finally finished and on its way back to him. Here are a few shots of the finished car.

This month's Focus: ProFab Customs – Powder Coating Services

Their address is actually 12295 Automobile Blvd, Suite A2 When I recently got my Alfa GTV back from a full bare metal restoration and paint, I realized there was a few more things that needed to be done before I could start the reassembly in earnest. Although I had ordered many new custom and racing suspension parts from Alfaholics in the UK www.alfaholics.com www.profabcustoms.com , many of the original suspension parts would need to be reused and they were in sad shape with 40 years-worth of grease and grim. I started degreasing them and hours of scrapping and brushing later, I said there had to be a better way, so I contact my friend Tom Argue of Tom Argue designs www.tomarguedesigns.com and asked him to recommend a local shop for Powder Coating services. This is how I was introduced to ProFab guys Joe McDede and Gerry Miller. They took my dirty grimy suspension parts and degreased them, baked them, primed and powder coated them to perfection all at a very reasonable price. They are highly recommended.

Woody's Custom Metal Polishing

One of our club members had some bright work done only to find out that the shop he had taken it to was actually farming the work out to a specialist shop and marking it up. Somehow he found the actual shop that did the work and would like to share that company with our members now.

I am embarrassed to say that Woody's Custom Metal Polishing was right under my nose too just blocks from where we live, and I did not know about it partly because he is located in a very small strip Mall right next to a Pawn shop, so when you drive by all you see if the sign for the Pawn Shop unless you look closely.

One of our club members – Barry Andress – took his bent and dirty Giulia bumper to Woody's and got it back in perfect shape and shiny as new. Barry highly recommends the place for all our bright work needs. Here is a list of items Woody's can polish. He also does Bike parts too.

Intakes
Valves Covers
Bell Housings
Aluminum Blocks
Aluminum Heads
Transmissions
Air Compressors
Alternators
Wheels
Timing Covers
Distributors
Radiators
All types of Stainless Steel and bright work

He is located on the right side of Clearwater – Largo Road when headed south just before the red-light intersection of Ponce de Leon Blvd. If you see the Shell station at the red light you just past his place. Obviously if you are headed north on Clearwater – Largo Road he would be on the left just past the Shell Station at Ponce de Leon Blvd.

Check him out and let us know your experience and results! Several Alfa Club members have already had excellent results at a fair price.

Car Friendly Accommodations: Beyond the Wall B&B

Shortly after Hurricane Irma I found myself on the top floor of a condo along Clearwater Bay. Although we had survived the storm, we had lost power which meant no AC, no elevators, no internet or phones. Eventually the fuel ran out for our building's generator meaning the stair wells went dark as well. Feeling for me after a few days of this, my wife Peggy, safely in Atlanta, went searching for a hotel for me to stay at until power returned.

All of the big hotels along the beach were full of people just like me, and I had second thoughts about parking my vintage car at the other places that did have vacancies. Then we found a new B&B in Dunedin called Beyond the Wall. Owned by couple consisting of a retired LT Col. (US Airforce) and a Marine Corp Sargent – Michelle and Rock. My room (the Patriot room) was large and comfortable. There was plenty of safe parking with large parking spaces for my little white 1974 vintage car. Highly Recommended if you have friends who visit with or without their vintage cars. Walking distance to Main St. with all it varied restaurants and Bars yet located on a main street away from all the activity.
