

ALFETISH

Summer is here and with it, a tremendous number of Cars & Coffees all around. There are so many that now, they start to conflict each other, and one can go to two or three different ones on the same Saturday morning. One thing if for sure: when an Alfa Romeo arrives, a classic one or a new one, it takes the attention of all the attendees. Yes, there are Ferraris and Lamborghinis in those parking lots but, nothing like an Engineering Masterpiece Dream Car which is an Alfa Romeo. And with this, my hope is that we can display ours during the monthly get togethers at the USB Cars & Coffee. Let's do it!

3. Skip Jones is putting together an Open House at the Jake Sweeney of Florence on Saturday 7/22/2023. Several of us are going and it would be super nice if we support him and contribute to make this open house a success. This is a central location for the members in KY and OH so, let's take the opportunity to meet there.
4. Gary is going to lead and organize the Potluck in October (10/15/2023) at the General Butler State Park, like the picnics organized in the past by the KARS people and to get together KARS and OVAROC as an annual event. This will be the Fall Tour so, it would be great if you guys please attend and participate.
5. The OVAROC 50th Anniversary and Christmas Dinner will be on Tuesday 12/17/2023. As soon as we decide the location and time, we will share it. Keep an eye on this as you don't want to miss it. We hope to have several of the founders present, which will be super nice. Please attend.

NEWS

- Please take a look at your AROC membership expiration dates and if possible, renew your membership.
- The OVAROC Web Page is now alive and active. It is part of the AROC-USA Web Site, and it can be reached via <https://www.aroc-usa.org/oh-17-ovaroc/>. We will share in that web page information, news, announcements and also this monthly letter will be published there. An interesting thing I learned recently is that we are legally Chapter 19 but, when the AROC-USA did all the web pages work, they designed us as Ohio Chapter 17.
